ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 2/85.

Exemption—Ministry of Natural Resources—MNR-11/9.

Made—December 13th, 1984.

Approved—December 13th, 1984.

Filed—January 2nd, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-11/9

Having received a request from the Minister of Natural Resources that an undertaking, namely:

Forest management by the Ministry of Natural Resources on Crown land presently included within forest management units and associated tree nurseries,

be exempt from the application of the Act for an additional period pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons indicated will occur:

- A. The Crown and the public will be damaged by the loss of benefits anticipated to result from the forest management plans which are scheduled to proceed within the period of the exemption.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Natural Resources is undertaking measures to implement public participation in respect to the approval of Forest Management Agreements, Forest Management Plans and Operating Plans, including road plans prescribed by these, and in respect to aerial spraying of pesticides for forest management purposes.
- B. The undertaking is an ongoing activity of the Ministry of Natural Resources and is an integral part of the economy of the Province. Since the exemption for this undertaking under Exemption Order MNR-11/8 which was filed as O. Reg. 442/84, will expire on December 31, 1984, the application of the Act before December 31, 1985 in the absence of an approval under the Act would result in the halting of forest management by the Ministry of Natural Resources on Crown land. Therefore, the interference which would be caused would be undue.
- C. The Ministry of Natural Resources has completed a draft of an environmental assessment for forest management and is continuing a process of public consultation to allow interested parties to provide input to that environmental assessment before a formal submission for approval under the Act is made.

This exemption is subject to the following terms and conditions:

1. The Ministry of Natural Resources shall consult the public and Government agencies at an early stage of the preparation of forest management plans and operating plans, as well as a minimum of thirty days prior to the proposed plan being approved by the Ministry of Natural Resources in accordance with the *Crown Timber Act*.
2. Before December 31, 1984, the Ministry of Natural Resources will submit to the Environmental Assessment Branch a description of the procedure of when and how the district offices of the Ministry of Natural Resources will consult with the public and Government agencies in meeting Condition #1. If these procedures change during the period in which the order is in effect, the Ministry of Natural Resources will revise its description and advise the Environmental Assessment Branch.
3. For the period that this exemption order is in force, the Ministry of Natural Resources shall plan primary forest access roads on Crown Management Units including bridges and ancillary facilities associated with these roads in accordance with the approved Class Environmental Assessment for "Access Roads to MNR Facilities". This procedure shall give emphasis to the identification of alternative road locations and evaluation of the environmental effects of alternatives considered and shall provide a rationale for the alternative road location which is selected.
4. At least 30 days prior to the anticipated aerial spraying of herbicides or insecticides for forest management purposes, the Ministry of Natural Resources shall notify the public, the appropriate Regional Office of the Ministry of the Environment and the Environmental Assessment Branch of the project. During this period a project description shall be made available for public inspection at the appropriate district office of the Ministry of Natural Resources. Where there is a newspaper or radio or television station serving the area concerned, the public notice shall be in the form of a paid public notice in one or more of such media. An illustrative format which may be used for a printed notice is attached as follows:

*Illustrative Format for Public Notice for
Aerial Spraying of Herbicides and
Insecticides*

As part of the Ministry of Natural Resources' ongoing program to regenerate and protect our forests, selected stands (specified area) will be sprayed with an (insecticide or herbicide) to control (competing vegetation or name of insect) starting on or about (date).

Further details about this program, including specific locations, are available from the (District, Regional or Main) Office of the Ministry of Natural Resources.

- Responsible MNR Manager
- Address
- Telephone Number

5. The Ministry of Natural Resources shall prepare a letter for each plan prepared pursuant to this exemption and send it to the Environmental Assessment Branch for inclusion in the Public Record. The letter shall describe.

- (a) the name of the Forest Management Unit (FMU) or Forest Management Agreement (FMA) for which the plan is being prepared;
- (b) a map of the area covered by the plan being prepared for the FMU or FMA;
- (c) the duration of the plan;
- (d) the date(s) of public notification;
- (e) the comments received from the public and other government ministries/agencies; and
- (f) the proponent's responses to the comments received.

This shall be submitted not later than thirty days prior to approval of the plan.

6. By February 15, 1985, the Ministry of Natural Resources shall provide the Environmental Assessment Branch with a list of all plans currently under preparation or scheduled to commence preparation during the term of this Order with the scheduled approval dates of each plan specified. Any revisions will be reported quarterly to the Environmental Assessment Branch.
7. Where the carrying out of the undertaking involves some activity for which an environmental assessment has been done and an approval to proceed received or an exemption has been granted, that activity is not exempt under this Order but shall be carried out in accordance with the environmental assessment and approval to proceed, or the conditions of exemption whichever is applicable.
8. If a class environmental assessment for forest management has been submitted by the Minister of Natural Resources before December 31, 1985, this Order shall remain

in effect until a decision on approval is made with respect to the class environmental assessment but if such an environmental assessment is not submitted, this Order shall cease to apply on December 31, 1985.

- (a) designating, by regulation under the *Provincial Parks Act*, areas in Ontario as provincial parks;
- (b) acquiring property therefor; and
- (c) managing on an interim basis recommended and new provincial parks (prior to the approval and implementation of a park management plan) consisting of activities to protect park values; managing of uses and activities, including the uses recommended in the "Ministry of Natural Resources Backgrounder—Land Use Guidelines"; and including the activities of developing new facilities,

in respect of the recommended provincial parks listed in Condition No. 12 below,

be exempt from the application of the Act pursuant to Section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources (MNR) will be damaged by the interference with its ongoing programs associated with outdoor recreation.
- B. The public will be damaged by the loss of anticipated outdoor recreational opportunities and tourism benefits and areas will be denied the protection afforded by the *Provincial Parks Act*.
- C. The MNR is preparing a Class Environmental Assessment for Provincial Park Management and Development. The completion of and pre-submission consultation for the document would be hampered by the requirement to seek separate approval for the activities specified within this undertaking.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The identification of park candidates has been ongoing through the MNR Parks System Planning, and was the subject of the public Report of the Task Force on Parks System Planning.
- B. The selection of recommended park candidates incorporated input from the general public and interest groups as a result of the MNR District Land Use Planning.
- C. The proposal to establish the recommended park candidates has received strong public support.
- D. As documented in the supporting material filed with this exemption order, the parks listed in Condition 12 (the "Parks") were selected from 245 alternative candidates as a result of the MNR District Land Use Planning and public consultation. During the planning process several candidates underwent boundary modifications, and decisions were made to permit a significant number of existing uses to continue in order to minimize potential socioeconomic impact.
- E. The interim management of the Parks under this Order will be carried out in a manner consistent with the conservation, protection and wise management of the environment.
- F. The conditions of this exemption provide for local public notice and inspection of com-

pleted interim management statements for recommended or new provincial parks.

- G. Approved MNR class environmental assessments will be followed for applicable projects carried out for interim park management.
- H. The Minister of Natural Resources has developed a draft Class Environmental Assessment for Provincial Park Management and Development which will serve as the basis for pre-submission consultation. The proposed class environmental assessment provides for public input during the preparation of park management plans.

This exemption order is subject to the following terms and conditions:

- 1. This exemption order does not apply to any plan or project for interim management,
 - (a) where the plan or project is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species); or
 - (b) which would constitute a major new addition by MNR to park facilities.
- 2. This exemption order does not apply to any plan or project for interim management where the plan or project includes the disposition of property or interests in property to the private sector for,
 - (a) the development of a new commercial recreation facility or the upgrading of an existing commercial recreational facility;
 - (b) mineral exploration or development,
 both of which will be done pursuant to Exemption Order MNR-26/4, as amended from time to time.
- 3. The MNR will provide the Environmental Assessment Branch as well as the appropriate regional office of the Ministry of the Environment with lists of plans and projects (e.g. annual work plans) proposed under the interim management of the Parks no less than 30 days prior to the implementation of any plan or project. The lists will specify the nature, size and location of all plans and projects and will also specify which plans or projects will be carried out pursuant to another exemption order. The MNR will notify the above offices of significant revisions to the lists no less than 30 days prior to the implementation of any such revisions to plans or projects. Copies of project plans will be made available to the public for inspection at the appropriate district office of the MNR.

4. The local public will be informed of the completion of interim management statements. Interim management statements will be maintained for public inspection at the appropriate district office of the MNR. Lists of completed statements will be maintained in all the MNR regional offices and its main office. Individual statements will be made available for inspection upon request.
5. Any activity exempt under this Order that would be approved under a MNR class environmental assessment, except that the approval does not apply to provincial parks, shall be carried out in accordance with the appropriate class environmental assessment procedures, as though the activity were not in a provincial park.
6. Where the Minister of the Environment determines, after consultation with the Minister of Natural Resources, that a proposed plan or project,
 - (a) may generate an unusual amount of public or Government concern; or
 - (b) may have unusual or significant potential environmental impacts not adequately treated in the pertinent planning exercise; or
 - (c) would otherwise warrant an environmental assessment,
 the Minister of the Environment may, by written notice to the Minister of Natural Resources, direct that an environmental assessment be prepared for the plan or project in which event the plan or project will not be exempt under this Order.
7. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of Condition 6 to a plan or project, the MNR shall not implement the plan or project until 45 days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment.
8. During the period covered by this Order, the MNR will continue to comply with the *Environmental Protection Act* and the Provincial Parks Program shall be planned,

implemented and managed according to the following provincial parks' guidelines and policies:

Ontario Provincial Parks Policy

Ministry of Natural Resources
Backgrounder Land Use Guidelines

Ontario Provincial Parks Planning
and Management Policies

Guidelines for Preparing Interim
Management Statements (1984)

Provincial Park Management Plan-
ning Guidelines—1983

Park Management and Operating
Plan Format

Landscape Design Principles and
Guidelines

Visitor Services Interim Policy.

9. The guidelines and policies cited in Condition 8 and any revisions or additions to these guidelines and policies will be made available by the MNR for public inspection upon request and will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment.
10. The MNR will notify, individually, each landowner whose property would abut or would be surrounded by a Park. Such notification will occur prior to either designation by regulation of the area under the *Provincial Parks Act*, or the initial invitation for public consultation in the management planning process, whichever occurs first.
11. The MNR may combine any of the recommended Parks with each other or with existing parks or exclude any lands currently scheduled for inclusion in a Park. However, before the MNR increases significantly the acreage of a Park or removes lands from one of the Parks after it has been established or makes significant changes to recommended uses, it shall give at least 30 days prior notice in writing of the proposal to do so to the Environmental Assessment Branch of the Ministry of the Environment.

ASSESSMENT ACT

O. Reg. 74/85.

Equalization of Assessments made under Section 63 of the Assessment Act. Made—February 8th, 1985. Filed—February 8th, 1985.

REGULATION MADE UNDER THE ASSESSMENT ACT

EQUALIZATION OF ASSESSMENTS MADE UNDER SECTION 63 OF THE ASSESSMENT ACT

1. The equalization of assessments made under the Act in each prescribed class of real property necessary

in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the others in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1984 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1984 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1984 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1984 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1984 against the total assessment for that prescribed class of real property in that municipality.

2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessments made under section 32 or 33 of the Act, of the real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 74/85, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1984 for taxation in the year 1985. O. Reg. 74/85, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality. O. Reg. 74/85, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 74/85, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

Property assessed either,

(a) as residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(b) as seasonal residential including vacant land zoned principally for this purpose.

ASSESSMENT ACT

O. Reg. 89/85.

Equalization of Assessments made under

Section 63 of the Assessment Act.

Made—February 18th, 1985.

Filed—February 19th, 1985.

REGULATION MADE UNDER THE
ASSESSMENT ACT

EQUALIZATION OF ASSESSMENTS
MADE UNDER SECTION 63 OF THE
ASSESSMENT ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the others in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1984 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1984 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1984 the amount of municipal and

school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1984 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1984 against the total assessment for that prescribed class of real property in that municipality.

2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessment made under section 32 or 33 of the Act, of the real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 89/85, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1984 for taxation in the year 1985. O. Reg. 89/85, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality. O. Reg. 89/85, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to

this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 89/85, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

Property assessed either,

(a) as residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(b) as seasonal residential including vacant land zoned principally for this purpose.

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

CLASS 5

CLASS 6

Exemption—Ministry of Natural Resources—MNR-42.

Made—February 21st, 1985.

Filed—March 5th, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-42

Having received a request from the Minister of Natural Resources that an undertaking, namely:

Wildlife population and habitat management activities as conducted by MNR, including:

- (a) Population control through the establishment and enforcement of bag limits and hunting seasons for game species;
- (b) Protection of game and non-game species by relocation, controlled access and propagation;
- (c) Habitat improvement including the planting and cutting of vegetation;
- (d) That part of the Class Environmental Assessment for Fish Stocking in New Waters which involves the giving of notices to the public and others;

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown and the public will be interfered with and damaged by the expense required to prepare an environmental assessment for

activities that will have no significant adverse effects on the environment.

B. The environmental, recreational and economic benefits accruing to the people of Ontario will be reduced in the absence of these wildlife management activities.

C. If the notices required to be given pursuant to the Class Environmental Assessment for Fish Stocking in New Waters, approved under the *Environmental Assessment Act*, the 1st day of April, 1982 and published in the Ontario Gazette dated May 8, 1982, were to be given, there is a possibility that freshly stocked new waters would be prematurely fished out by persons who became aware of the stocking through such notices thus frustrating the purpose of the activity and injuring the Ministry of Natural Resources.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The activities referred to in this Order are not expected to have significant harmful effects on the environment;
- B. The activities carried out under this Order have direct and indirect recreational and economic benefits to the people of Ontario;
- C. The undertaking is carried out in accordance with accepted wildlife management principles and is designed to meet objectives which are established through projected wildlife population studies and user demand estimates.

This exemption is subject to the following terms and conditions:

- 1. Where wildlife population and habitat management activities have, or may have, a significant effect on the environment, MNR shall provide prior notice of that activity to the affected public and government agencies. The notice, which may be in the form of media advertisements, shall specify the location and description of the project, the scheduled project commencement date, the return period for comments and where additional information on the project is available. The notice shall be issued at least 30 days before implementation commences.

2. Where the Minister of the Environment determines, after consultation with the Minister of Natural Resources, that a proposed activity:

- (a) may generate an unusual amount of public or Government concern;
- (b) may have unusual or significant potential environmental impacts not adequately treated in the pertinent planning exercise; or
- (c) would otherwise warrant an environmental assessment,

the Minister of the Environment may, by written notice to the Minister of Natural Resources, direct that an environmental assessment be prepared for the activity in which event the activity will not be exempt under this Order.

3. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of condition 2 to an activity, MNR shall not implement the activity until 45 days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment.

4. This Exemption Order does not apply to any activity:

- (a) involving the introduction into the Province of Ontario of a species of animal, fish or vegetation not already present in the Province of Ontario;
- (b) which is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species); or
- (c) which is being carried out in recommended or existing provincial parks.

5. This exemption will not be used for the establishment of new wildlife management areas.

6. Where an activity which would otherwise be exempt under this Order is being carried out as or is part of an undertaking with respect to which MNR has an approval under the Act, the activity shall be carried out in accordance with the terms and conditions of that approval. This condition does not apply to the undertaking respecting the giving of notice to the public or others required by the approval date April 1, 1982 for the Stocking of Fish in New Waters.

7. Where an activity which otherwise would be exempt under this Order is being carried out with another proponent and that proponent has an approval under the Act for that activity, it shall be carried out in accordance with the terms and conditions of that approval and shall not be exempt under this Order. O. Reg. 110/85.

Exemption—Ministry of Transportation and Communications—MTC-55.

Made—February 21st, 1985.

Filed—March 5th, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF TRANSPORTATION AND COMMUNICATIONS—MTC-55

Having received a request from the Ministry of Transportation and Communications that an undertaking, namely:

The planning, design, construction, operation and maintenance of projects which fall within the class of projects described in the Provincial Highways Program Class Environmental Assessment submitted to the Minister of the Environment on December 29, 1983, including:

- (a) Improvements to existing highways and freeways;
- (b) New interchanges on an existing highway or modifications to existing interchanges;
- (c) New or modified water crossings; and
- (d) New highway service facilities

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Transportation and Communications that if the undertaking is subject to the application of the Act, the following

injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Transportation and Communications will face accelerated costs if an individual environmental assessment is prepared for each project which falls within the class of projects described in the Provincial Highways Program Class Environmental Assessment which has been submitted to the Minister of the Environment for review and approval under the *Environmental Assessment Act*.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment in Ontario which would result from the undertaking being subject to the application of the Act;

I am of the opinion that it is in the public interest to order and do order that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking was approved in 1980 under the *Environmental Assessment Act* and that approval expired January 1, 1985. The Provincial Highways Program Class Environmental Assessment submitted December 29, 1983 is intended to replace the previous assessment. It is still under review.
- B. The Ministry of Transportation and Communications has informed me that the environmentally-based planning process described in the Provincial Highways Program Class Environmental Assessment will be followed for each of the projects planned or constructed under this exemption order, including the preparation of an environmental study report.
- C. The undertaking is unlikely to have any significant adverse effects on the environment.

This exemption is subject to the following terms and conditions:

1. The Ministry of Transportation and Communications shall follow the process outlined in the Provincial Roads Program Class Environmental Assessment when planning or constructing projects within the class.
2. This exemption shall terminate upon approval of the Provincial Highways Program Class Environmental Assessment which is currently under review. O. Reg. 110/85.

Exemption—Nepean Hydro—NEPE-C-1.

Made—February 21st, 1985.

Filed—March 5th, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT EXEMPTION—NEPEAN HYDRO—NEPE-C-1

Having received a request from the Hydro-Electric Commission of the City of Nepean ("Nepean Hydro") that an undertaking, namely:

the activities of planning, designing, constructing and operating an electrical transformer substation to transform electrical current from 115 kV to 8 kV, on lands owned by Nepean Hydro, in the City of Nepean, being Part of Lot 34, Concession 2, Rideau Front, Township (now City) of Nepean, shown and designated as Part 1 on a Plan of Survey of Record in the Land Registry Office No. 4 for the Land Titles Division of Ottawa-Carleton as 4R-4420 and the obtaining of electrical power therefor from the immediately adjacent Ontario Hydro 115kV transmission line,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. If Nepean Hydro failed to meet the electrical needs of a proposed development in the vicinity of the proposed undertaking the public would be injured by the delay or cancellation of the proposed development.
- B. If the likely alternative to meet the electrical needs of the proposed development, the provision of 44kV electrical supply to a transformer station on the same site, which would not require approval under the Act, were carried out, Nepean Hydro and its customers would be damaged by increased costs and the additional impact of the constructing of a 44kV transmission line from facilities of Ontario Hydro to the transformer station site.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent has advised that the site was purchased from C.M.H.C. for the express purpose of building a 44kV electrical transformer station and has since determined it would be more economical and have less impact on the natural environment if the station were built to transform energy obtained directly from Ontario Hydro's adjacent 115kV power line rather than through new 44kV transmission facilities which would have to be provided to bring electricity from more remote 44kV facilities owned by Nepean Hydro.
- B. The proponent has further advised that the City of Nepean, who will control the development of a new community on the surrounding lands, have approved the use of this land for a substation site and support the proposed construction of a transformer substation supplied from the adjacent 115kV power line.
- C. The proponent has advised that the transformers and low voltage switchgear will be enclosed in a building similar to those used and accepted elsewhere in the City of Nepean.
- D. The proponent has initiated a consultation process with the Ministry and will maintain this contact throughout the planning and construction stages.

This exemption order is subject to the following terms and conditions:

1. The exemption shall expire if construction is not commenced by June 30, 1986.
2. Mitigation of any adverse environmental effects during construction will be undertaken in accordance with Ontario Hydro's "Construction and Site Restoration Guidelines for Transmission Facilities". O. Reg. 111/85.

Filed—March 5th, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-62

Having received a request from the Minister of Government Services that an undertaking, namely:

the activity of constructing a hangar for the Ministry of Health Air Ambulance Service and Ministry of Natural Resources' aircraft at the Thunder Bay Municipal Airport, Highways 11/17 and 61 in the City of Thunder Bay,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Government Services and the public will be interfered with by the preparation of an environmental assessment for an undertaking which will have insignificant adverse environmental effects.
- B. The Ministry of Natural Resources and the Ministry of Health will be interfered with in that they require the project to improve existing inadequate facilities which severely hamper effective and efficient program delivery.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking will not have significant adverse effects on the environment.
- B. The undertaking will improve program delivery which suffers currently due to inadequate accommodation.
- C. The proposed site is compatible with the proposed undertaking and adequate municipal services exist at the site to permit the proposed development.

This exemption is subject to the following term and condition:

1. The tender documents will specify that should the contractor uncover any object of

potential archaeological significance, he will notify the local office of the Ministry of Citizenship and Culture and allow that Ministry to inspect the site as requested.

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-61

Having received a request from the Minister of Government Services that an undertaking, namely:

the activity of constructing a small multi-ministry office building at the northwest corner of Queen Street and Fourth Avenue in the Town of Sioux Lookout,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Government Services and the public will be interfered with by the preparation of an environmental assessment for an undertaking which will have insignificant adverse environmental effects.
- B. The Ministries of the Attorney General, Natural Resources, Community and Social Services and Northern Affairs will be interfered with in that they require the project to improve existing inadequate facilities which severely hamper effective and efficient program delivery.
- C. The public will be interfered with and possibly damaged in that the level of service available and the access to that service is restricted by the existing inadequate accommodations.

Having weighed such injury, damage or interference against the betterment of the people of the whole

or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking will have no significant adverse environmental effects.
- B. The undertaking will consolidate and improve service delivery which currently suffers due to dispersed, overcrowded and inadequate facilities.
- C. The Minister of Government Services has stated that adequate accommodation to satisfy the requirements of the client Ministries is not available in the local marketplace.
- D. The site of the proposed project is owned by the Government of Ontario, is zoned to permit the undertaking and has adequate municipal services to accommodate the undertaking. O. Reg. 113/85.

Exemption—Municipalities of Ontario—MUNI-2.

Made—February 21st, 1985.

Filed—March 5th, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MUNICIPALITIES OF ONTARIO—MUNI-2

Having received a request that an undertaking, namely the activity of providing and operating sewage or water works to serve the indicated municipalities:

Township of Chapple Sewage Works—
Project No. 3-0428

Township of Charlottenburgh Sewage
Works—Project No. 3-0427

Township of Charlottenburgh Water Works—Project No. 7-0531

Township of Lochiel Water Works—Project No. 7-0516

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. A delay in the implementation of these projects will adversely affect the municipalities by increasing both engineering and construction costs of the projects.
- B. The residents of the above municipalities will be forced to continue to depend on an existing impaired water supply or will be exposed for a longer period of time to health hazards because of the presence of untreated sewage in the municipality.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponents have advised that no adverse environmental effects are expected from the construction and operation of the sewage and water works.
- B. In all cases a planning process compatible with the proposed planning process of the Class Environmental Assessment for Municipal Sewage and Water Projects was used and there has been public input to the projects.
- C. The proponents advise that the alternative of upgrading existing private sewage and water systems was evaluated and rejected as not being a cost effective method of alleviating specific community problems.
- D. The water quality and quantity and community health benefits that will result from these works should be available to the affected communities. O. Reg. 114/85.

Exemption—Essex Region Conservation Authority—ESR-01.

Made—February 21st, 1985.

Filed—March 5th, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—ESSEX REGION CONSERVATION AUTHORITY—ESR-01

Having received a request from the Essex Region Conservation Authority that an undertaking, namely:

The activity of dredging the lower portion of Turkey Creek—Grand Marais Drain from the limit of the existing improvement at the Sandwich West/Windsor boundary to the mouth, and a portion of the Cahill Drain outlet within the Township of Sandwich West from the confluence with Turkey Creek to the downstream side of Malden Road with dredge spoils to be sidecast to raise the elevation of overbank areas, to contain 1 in 100 year flows except through the wetland area from chainage 25 + 00 to downstream of Essex Terminal Railway, where dredge spoils will be removed to locations outside of the improved channel,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Essex Region Conservation Authority that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The public and municipality will be subject to recurring flood damages associated with Turkey Creek for a longer period of time than if the undertaking was carried out forthwith.
- B. Developments proposed on private land will be delayed due to flooding hazards, thus reducing anticipated municipal assessment required to fund current major sanitary sewer installations.
- C. The City of Windsor is unable to proceed with further upstream flood damage reduction drainage improvements until the subject undertaking is completed.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Channel improvements completed to date along Turkey Creek—Grand Marais Drain have been completed under the *Drainage Act*. Given that the continuation of municipal stream improvements carried out under the *Drainage Act* would be exempt from the requirements of the *Environmental Assessment Act*, it is proposed that an exemption should now be granted so that the project can proceed expeditiously under either the *Drainage Act* or the *Conservation Authorities Act*.
- B. Considering the existing degraded condition of this lower stretch of Turkey Creek, the undertaking as proposed will result in a net improvement to the natural environment.
- C. Studies and corresponding remedial works were initiated decades ago, culminating in the current undertaking which is a planned extension and completion of remedial works required for flood damage reduction along the Turkey Creek watershed.
- D. The Turkey Creek—Grand Marais Drain has been the subject of major channel improvements prior to the passing of the *Environmental Assessment Act*. These works have been completed with the clear understanding that the outlet channel improvements would be completed as proposed by this undertaking.

This exemption is subject to the following terms and conditions:

1. The proponent shall appoint an on-site inspector who shall be responsible for, among other duties, overseeing the construction to ensure that all reasonable measures are taken to protect the natural environment and to ensure that appropriate corrective action is taken where problems may be encountered.
2. Special construction practices as noted below shall be employed through the wetland area to ensure minimum adverse impact on the wetland:
 - a) construction activity in this area will be restricted to the period October 15 to April 15, and
 - b) spoil material dredged from the wetland area will be disposed of in a location approved by the Regional Director of Southwest Region, Ministry of the Environment, London ("Regional Director").

3. The slopes of the disposed dredgate shall not be steeper than 3:1 to ensure that the sidecast materials have stable banks; all sidecast materials shall be graded and seeded as soon as feasible after placement; the condition of the banks shall be monitored; and, if necessary, corrective action will be taken to ensure desired stability and the success of seeding.
4. The Authority shall place notices in a local daily newspaper to notify the public of the pending project and to give opportunities for public review of project details.
5. All private property owners whose lands are being directly affected will be notified by mail to ensure awareness of the undertaking.
6. Where alignment changes are yet to be finalized, as in the wetland area downstream of the Essex Terminal Railway, approval of the Regional Director will be obtained for the final alignment prior to construction.
7. Where the undertaking which otherwise would be exempt under this order is being carried out or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the undertaking shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
8. The exemption order shall be valid until December 31, 1988, or one year after an approval is issued with respect to the Class Environmental Assessment for Water Management Structures, whichever comes first. O. Reg. 115/85.

<p>d) Coût d'habitation</p> <ul style="list-style-type: none"> • pour les propriétaires, les impôts fonciers versés pour une résidence principale dans l'année d'imposition (sauf les paiements de capital et d'intérêts sur hypothèque); • pour les locataires, 20% du loyer versé pour la résidence principale dans l'année d'imposition (sauf le coût des repas ou un montant payé aux membres de la famille qui n'est pas inclus dans leur revenu aux fins de l'impôt), ou lorsque des impôts fonciers et un loyer sont versés pour une même résidence principale, 20% du total des impôts fonciers et du loyer versés. (2) The amount apportioned to a municipality or locality by a divisional board for secondary school purposes shall be the sum of,

(a) the amount apportioned under subsection (1) to the municipality or locality except that such amount shall not exceed the amount that would be apportioned to the municipality or locality if the apportionable sum required by the board for secondary school purposes for 1985 were apportioned among the municipalities and localities in the school division in the ratio of equalized assessment for secondary school purposes for such municipalities and localities that are calculated by adjusting the assessments as defined in Ontario Regulation 128/85, General Legislative Grants, 1985 by the 1979 assessment equalization factors for the municipalities and localities that are published in Schedule B to Ontario Regulation 108/79;

(b) expenditures applicable to the locality that are incurred for 1985 by the divisional board in performing the duties of a municipal council and that are charged to secondary school purposes; and

(c) the payments in lieu of taxes for 1985 in respect of the municipality or locality for secondary school purposes and the amount allocated by the municipality under subsection 161 (22) of the *Municipal Act* to the divisional board for 1985 for secondary school purposes,

adjusted where required under subsection 219 (2) or (3) of the Act or section 210 thereof. O. Reg. 129/85, s. 3.

4.—(1) Where adjustments required under section 219 of the Act are in respect of part or parts of a municipality or locality, the school board shall provide with its requisition on the municipality or locality, sufficient information in respect of the adjustments to enable the amount required for public or secondary school purposes, as the case may be, in respect of the part or parts of the municipality or locality to be determined.

(2) Where for the purpose of levy in 1985, a municipality, other than a municipality where there has been a different assessment generally of real property under section 70 of the *Assessment Act*, is required under any Act to apportion the amount to be raised for municipal purposes among two or more defined areas within the municipality, the amounts requisitioned on the municipality in 1985 by a divisional board of education for public or secondary school purposes, as the case may be, exclusive of amounts in respect of payments in lieu of taxes, amounts allocated under subsection 161 (22) of the *Municipal Act* and adjustments required under section 219 of the *Education Act* shall, for purpose of levy in 1985, be apportioned by the municipality among such defined areas in the ratio correct to five places of decimals of the equalized assessments for the defined areas for public or secondary school purposes, as the case may be, and for such purpose, the equalized assessment for the defined area shall be deemed to be the sum of,

- (a) the taxable residential and farm assessment; and
- (b) the quotient obtained by dividing by .85, the taxable commercial assessment, included in the last revised assessment roll for such defined area used for taxation purposes in 1985, equalized by using the 1979 assessment equalization factors set out in Schedule B to Ontario Regulation 108/79.

(3) The amount that is apportioned under sections 2 and 3 to a locality which is territory without municipal organization and for which, in respect of parts of such locality, different assessment equalization factors for 1979 were set out in Schedule B to Ontario Regulation 108/79, may instead of being attributable to the entire locality, be allocated by the board in a manner acceptable to the Minister to such parts of the locality for which there were factors in such Schedule. O. Reg. 129/85, s. 4.

5. This Regulation applies in respect of the apportionment of the sum required by a divisional board for public school purposes and the sum required by a divisional board for secondary school purposes for the year 1985. O. Reg. 129/85, s. 5.

REGULATION MADE UNDER THE EDUCATION ACT

CALCULATION OF FEES FOR PUPILS

I.—(1) In this Regulation,

- (a) the following terms in respect of the calculation of fees for pupils for a year have the same meaning as they have in the regulation entitled, "General Legislative Grants" applicable to that year,
 - (i) "continuing education A.D.E. for grant purposes",
 - (ii) "current cost of operating",
 - (iii) "elementary school pupil",
 - (iv) "eligible sum for French as a first language",
 - (v) "eligible sum for French as a second language",
 - (vi) "non-resident pupil",
 - (vii) "O.E.",
 - (viii) "P.A.C.",
 - (ix) "R.O.E.",
 - (x) "resident-external pupil", and
 - (xi) "resident-internal pupil",

except that in respect of a board appointed under section 70 of the Act, "current cost of operating" does not include current expenditure for furniture and equipment and for debt charges;

- (b) "A.D.E." means average daily enrolment calculated under Ontario Regulation 127/85 "Calculation of Average Daily Enrolment";
- (c) "technological studies" means the courses developed from curriculum guidelines that are issued by the Minister for the intermediate division and senior division and listed under the heading "Technological Studies" in circular H.S. 1 or in the circular entitled "Ontario Schools Intermediate at

Senior Divisions Program and Diploma Requirements" issued by the Ministry.

(2) Where a board of education provides instruction for one or more pupils in respect of whom fees are receivable, the fees shall be calculated under this Regulation as if the board of education were a public school board and a secondary school board. O. Reg. 130/85, s. 1.

2.—(1) Subject to subsection (2) and to sections 3 and 6, where a board provides instruction for pupils whose fees are receivable from another board, from Canada, or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians, or where the board provides instruction for a pupil to whom subsection 48 (6) of the Act applies, the fees for a year in which it provides the instruction shall be calculated by,

(a) subtracting from the current cost of operating for the year of the board that provides the instruction, the grant payable to such board in respect of the eligible sum for French as a first language and for French as a second language for that year for the board, and dividing the difference so obtained by the sum of the average daily enrolment in respect of resident-internal and non-resident pupils of the board,

(i) calculated under section 2 of Ontario Regulation 127/85 "Calculation of Average Daily Enrolment",

(ii) calculated under section 3 of Ontario Regulation 127/85 "Calculation of Average Daily Enrolment" in respect of pupils taking a course for which credit is granted, in respect of the classroom instruction portion of a course in driver education, in respect of basic literacy or basic numeracy for adults, in respect of citizenship and language instruction for landed immigrants, and in respect of English or French as a second language for adults whose first language is neither English nor French,

(iii) calculated under section 4 of Ontario Regulation 127/85 "Calculation of Average Daily Enrolment" in respect of pupils taking a course for which credit is granted and in respect of a course of study acceptable to the Minister that the board is authorized or required to provide in its day school program in grades 1 to 8 or in a school or class for trainable retarded pupils; and

(b) multiplying the A.D.E. for the year of the pupils whose fees are receivable from the

other board, from Canada or other previously described source, as the case may be, by the sum of,

(i) the amount determined under clause (a), and

(ii) except where the board that provides the instruction is a board appointed under section 70 of the Act, the P.A.C. for such pupils.

(2) Where a board has entered into an agreement under subsection 165 (2) of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the P.A.C. for each such pupil, notwithstanding subclause 1 (1) (a) (viii), shall be zero. O. Reg. 130/85, s. 2.

3. Where a board appointed under section 70 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from any source, the fee for such a pupil shall be calculated by,

(a) adding to the current cost of operating of the board for the year in which it provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils, and deducting from the total thereof the General Legislative Grants payable to the board for such year except a grant that is equal to the cost of education;

(b) dividing the amount determined under clause (a) by the sum of the days on which each pupil is enrolled at the school; and

(c) multiplying the amount determined under clause (b) by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 130/85, s. 3.

4. Where a board, except a board appointed under section 70 of the Act, provides instruction for a pupil in respect of whom fees are required to be paid, other than a pupil whose fees are receivable from another board or from Canada or from a band, council of a band, or education authority authorized by the Crown in the right of Canada to provide education for Indians, and the parent or guardian of the pupil is resident in Ontario, the fees payable on behalf of the pupil shall be such as the board may prescribe except that in the case of each of a public school board, a separate school board and a secondary school board, the total fees charged, in respect of a year,

(a) to a parent or guardian who is not resident in a school section, separate school zone or secondary school district, in respect of his or her children or wards who attend the board's schools, shall not exceed \$55 per month dur-

ing which such children or wards are enrolled at the board's schools; and

- (b) in the case of a pupil who is qualified to be a resident pupil of a school section, separate school zone or secondary school district, shall not exceed, in respect of each month the pupil is enrolled, the greater of,

(i) \$55, and

(ii) one-tenth of the sum of,

(A) the quotient obtained by dividing,

I. the board's estimate of the excess of its O.E. for the year over its R.O.E. for the year,

by,

II. the A.D.E. of the board for the year that is in respect of resident-internal pupils of the board,

and,

(B) the P.A.C.,

except that where the pupil is enrolled in a high cost program as defined in section 6, such greater amount may be increased by an amount which takes into account the additional cost to the board of providing such program. O. Reg. 130/85, s. 4.

5. Where in any year a board provides instruction for a pupil in respect of whom fees are required to be paid and whose parent or guardian does not reside in Ontario, except a pupil to whom subsection 48 (6) of the Act applies, the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to subsection 6 (5) shall not exceed the product obtained by multiplying one-tenth of the sum of the quotient determined under clause 2 (1) (a) and the P.A.C. for the pupil by the number of months during which the pupil is enrolled in such year in a school operated by the board that provides the instruction. O. Reg. 130/85, s. 5.

6.—(1) In this section, "high-cost program" means,

- (a) a special education program other than a program provided in the board's school in lieu of an education program provided by a provincial school for the blind and the deaf or such other program approved by the Minister for which a General Legislative Grant is payable;
- (b) a program for trainable retarded children;

(c) a program that includes technological studies that qualify in a school year for three or more credits toward the Secondary School Graduation Diploma or Ontario Secondary School Diploma; and

(d) a program of grade 9 or 10 that is offered in an elementary school.

(2) The fee calculated under section 2, where chargeable by a board in respect of an elementary school pupil who is registered in a high cost program, or a pupil enrolled in a school or class for trainable retarded pupils other than a trainable retarded pupil who does not have the right to attend under subsection 73 (1) of the Act, may be increased by multiplying it by a factor agreed upon by the fee payor and the board charging the fee when,

(a) the ratio of the A.D.E. of such pupils registered in a high cost program for whom fees are receivable by the board from such fee payor to the A.D.E. of elementary school pupils or trainable retarded school or class pupils registered in such high cost program conducted by the board,

is greater than,

(b) the ratio of the A.D.E. of such pupils for whom fees are receivable by the board from such fee payor to the A.D.E. of elementary school pupils and trainable retarded school or class pupils registered at the board's schools.

(3) The factor agreed upon pursuant to subsection (2), in the case of a pupil registered in a program referred to in clause (1) (d), shall not be greater than the sum of one and the enrolment weighting factor for grant purposes for elementary school pupils enrolled in grade 9 or 10 referred to in the definition of day school weighted A.D.E. for grant purposes in the regulation entitled "General Legislative Grants" applicable to the year for which the fee is calculated.

(4) Subsection (2) applies with necessary modifications to secondary school pupils.

(5) Where a pupil to whom section 5 applies is registered in a high-cost program, the maximum fee payable in respect of such pupil shall be determined by multiplying the maximum fees under section 5 by a factor to be agreed upon between the board that provides the instruction and the party from whom the fee are receivable.

(6) Where under this section the board that provide the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators, one arbitrator appointed by the board that provides the instruction, one arbitrator appointed by the board from which or the part from whom the fee is receivable and one arbitrator appointed by the Minister, and the decision of the arbitrators or a majority of them is final and binding.

upon the board that provides the instruction and the other board or party concerned. O. Reg. 130/85, s. 6.

7. Where a board, except a board appointed under section 70 of the Act, provides an education program in a hospital or treatment centre, other than a program for which the board receives General Legislative Grants equal to the salaries of the teachers conducting the program and other program expenditure allowances, the fee payable in respect of a pupil who is not qualified to be a resident pupil of the board and for whom such an education program is provided shall be such as may be agreed upon between the board that provides the program and the parent or guardian of the pupil or the board of which the pupil is qualified to be a resident pupil. O. Reg. 130/85, s. 7.

8. This Regulation applies to fees for pupils in respect of the year 1985. O. Reg. 130/85, s. 8.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 168/85.

Exemption—Ministry of Transportation and Communications—MTC-54.

Made—March 28th, 1985.

Approved—March 28th, 1985.

Filed—April 3rd, 1985.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF TRANSPORTATION AND COMMUNICATIONS—MTC-54

Having received a request from the Ministry of Transportation and Communications that an undertaking, namely:

The Remote Northern Airport Program of the Ministry of Transportation and Communications which includes:

1. The planning, design, construction and operation of remote airports and the buildings, facilities and access roads associated with such airports;
2. The expansion of existing remote northern airports; and
3. Major improvements to and/or relocation of access roads at remote northern airports,

be exempt from the application of the Act pursuant to Section 29; and

Having been advised by the Ministry of Transportation and Communications that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The proponent and review agencies will be damaged by the expenditure of resources to review and resubmit a Class Environmental Assessment for an undertaking which normally does not cause significant detrimental environmental effects and for which the

existing class environmental assessment process is acceptable to the proponent, review agencies and potentially affected parties.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Transportation and Communications (MTC) has demonstrated that the Remote Northern Airport Program provides significant social and economic benefits to the communities served with minimal disruption of the environment; which has been further demonstrated by the development of projects in accordance with the approval which was issued pursuant to order in council number O.C. 2801/80 and which has recently expired.
- B. The Remote Northern Airport projects are undertaken only in response to a request from and with the cooperation and approval of the band council of the Indian Reserve to be served by the airport.
- C. Parties and agencies which might be affected have been informed about the exemption request for this program and no objections have been raised.
- D. The nature of the projects, the scale of the program, the commitment by MTC to follow the previously approved Class Environmental Assessment process for the Remote Northern Airport Program and the provisions to allow specific projects to be redesignated as specified in the following terms and conditions will ensure the protection, conservation and wise management in Ontario of the environment.
- E. If environmental concerns are identified with a specific airport which cannot be resolved, this exemption order may be amended so that the project is not exempt and an individual environmental assessment will have to be prepared for it and an approval obtained.
- F. If in the future any person identifies any problem or insufficiency in the procedure prescribed by the conditions to this order that do not relate only to a single project, the Minister of the Environment may, after considering any submissions from any interested persons, terminate or amend this order to remedy such problem or insufficiency.

This exemption order is subject to the following terms and conditions:

1. Except as provided in subsequent conditions, MTC shall continue to follow the Remote Northern Airport Program Class Environmental Assessment, originally approved October 1980, for each project.
2. The format and minimum level of detail to be provided in the Environmental Study Report filed for each project, and as described in Part IV of the Class Environmental Assessment will be modified in accordance with the amended Part IV, filed with the request for this exemption order and placed in the public record file for the Class Environmental Assessment.
3. This order shall terminate on the later of
 - (a) five years after its approval, and
 - (b) such later date as the Minister of the Environment from time to time specifies by notice in writing filed in the public record file for the Class Environmental Assessment after MTC has given notice in a form approved by the Minister of the Environment of its proposal to ask for an extension. - (b) "discounted equalized assessment of a conservation authority" means the total of the discounted equalized assessments of all municipalities within a conservation authority area;
- (c) "municipality" means a regional municipality, lower tier municipality, city or separated town;
- (d) "municipality within a conservation authority area" means a municipality that is located wholly or partly within a conservation authority area and against which an apportionment is to be made in 1985 by the conservation authority.

(2) Where only part of a municipality against which an apportionment is made by a conservation authority in 1985 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(3) For the purpose of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 251/85, s. 30.

31. In 1985, the Ministry of Natural Resources shall determine in respect of each conservation authority,

- (a) the discounted equalized assessment of each municipality within the conservation authority area; and
- (b) the discounted equalized assessment of each conservation authority. O. Reg. 251/85, s. 31.

32. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1985 percentage share of apportionment, correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 31 (a), by the discounted equalized assessment of the conservation authority, as determined under clause 31 (b), and multiplying the result by 100. O. Reg. 251/85, s. 32.

33. The discounted equalized assessment determined under section 31 and the respective 1985 percentage share of apportionment determined for each municipality under section 32 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 251/85, s. 33.

34.—(1) For 1985, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 32.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information mentioned in clauses 31 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), forthwith forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 251/85, s. 34.

35. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1985 among the municipalities within the conservation authority area under the Act establishing the conservation authority as modified by subsection 34 (1). O. Reg. 251/85, s. 35.

36.—(1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the altered equalization factor, residential and farm assessment or commercial assessment, as the case may be, shall be given forthwith by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals of the equalization factor, the residential and farm assessment or the commercial assessment of all municipalities within a conservation authority area have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, residential

and farm assessment or commercial assessment, as the case may be.

(a) make the determinations required under sections 31 and 32; and

(b) revise the notice and information to be supplied under sections 33 and 34.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 251/85, s. 36.

PART V

GENERAL

37.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs and Housing to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a lower tier municipality, the Ministry of Municipal Affairs and Housing shall, in equalizing each assessment roll or each part of the assessment roll, as the case may be, for purposes of municipal taxation in 1985, use the same equalization factor as was used to equalize such assessment roll or such part of the assessment roll for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a lower tier municipality where there has been a different assessment generally of real property within that lower tier municipality under section 63 of the *Assessment Act*. O. Reg. 251/85, s. 37.

38.—(1) Where the Ministry of Municipal Affairs and Housing, Ministry of Revenue or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county, district board or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs and Housing may correct the calculation and may determine the amount that would have been payable to the lower tier municipalities within the regional municipality, county, district board area or conservation authority area by the Ministry of Municipal Affairs and Housing under this Regulation if the calculation had been correct and the grant amounts payable under Part I, II or III may be adjusted accordingly.

(2) Where a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county, district board or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a lower tier municipality shall be corrected in the same manner as

it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, whichever is applicable. O. Reg. 251/85, s. 38.

39. Where, under this Regulation, an adjustment is made by the Ministry of Municipal Affairs and Housing or Ministry of Revenue, as the case may be, in the grant amounts payable by the Ministry of Municipal Affairs and Housing to a lower tier municipality under Part I, II or III, and where the Ministry of Municipal

Affairs and Housing determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid forthwith by the municipality to the Ministry of Municipal Affairs and Housing. O. Reg. 251/85, s. 39.

40. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1985. O. Reg. 251/85, s. 40.

1. All acreage planted to the crop in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

(a) the use of the planted acreage or any part thereof for another purpose; or

(b) the abandonment or destruction of the insured crop or any part thereof.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted to the crop in the crop year on the

farm or farms operated by the insured person in Ontario and, subject to paragraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes;
- (b) that was planted after the final date prescribed for planting in the plan; or
- (c) that, in the opinion of the Commission, is not insurable.

EVALUATION OF LOSS

3. For the purposes of determining the loss in production of the crop in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 4 and 5.

STAGE 1

4.—(1) Stage 1 comprises the period from the date on which the planting of acreage to the crop is completed to and including the 1st day of July in the crop year.

(2) Where loss or damage to three acres or more of the insured crop occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 1st day of July; or
- (b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage.

(3) Where damaged acreage is replanted to the crop in accordance with clause (2) (a), the Commission shall pay an indemnity equal to the cost of materials used in replanting to a maximum of \$35 for each acre replanted and the contract of insurance shall continue to apply to such acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause (2) (b), the Commission shall pay an indemnity of \$35 per acre and the contract of insurance shall terminate with respect to such acreage.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

5.—(1) Stage 2 commences on the 2nd day of July in the crop year and, with respect to any part of the planted acreage, ends on completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the abandonment of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof, and the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the amount by which the guaranteed production of the damaged acreage exceeds the potential production determined therefor by the established price per ton.

NOTICE OF LOSS OR DAMAGE

6. Where loss or damage to the insured crop occurs, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within twenty-four hours of such time.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

7.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage but, subject to subparagraph (2), where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per ton.

(2) Notwithstanding subparagraph (1), no indemnities paid in Stage 1 shall be subject to reduction under this paragraph.

(3) In no case shall indemnity be paid for acreage excess of the total insured acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

8.—(1) Where the actual planted acreage of the crop in a crop year is less than the planted acreage declared on the final acreage report, the total guaranteed production and the amount of insurance shall be reduced proportionately and there shall be no refund of premium.

(2) Where the actual planted acreage of the crop in a crop year exceeds the planted acreage declared on the final acreage report, production from the total planted acreage shall be counted and there shall be no increase in the total guaranteed production or the maximum amount of indemnity payable.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.
